

*Planting, growing, reaching*

### Grace Group Homework

Yohanni

November 6, 2011

### Conclusion

1. Get ready to immediately follow after Christ when he calls. What is a situation we can be praying for you to have the courage to drop your nets and follow after Christ when He calls you?

## Grace Group Homework

### Yohanni

For the Week of November 6, 2011

#### Review

1. In what ways did Yohanni's life and message challenge and inspire you this week?
2. How can you take that motivation and start doing something about it?
3. Why do you think it is easy to be excited to hear about Yohanni sharing the Gospel in Malawai, but not be excited about sharing the Gospel on your street?
4. Yohanni shared how their churches do not just meet on Sundays, but spend the week together reaching out to their communities. How can this be an example that we can implement within our own church community?

#### Digging Deeper

1. Read Matthew 4:18-22. What was the response of the disciples when Jesus called to them? Why was it a big deal to do that?
2. We are prone to make excuses about why we cannot follow after Jesus at this "time". But Jesus seems to always break in to our lives right when we are the busiest' at work, with family, etc. Are you ready to follow after Him this week while you are at work? How would that look?
3. The idea of "immediacy" permeates this passage of scripture. How can you implement that idea into your own discipleship with Christ?
4. How can you be Yohanni in your community this week, month and year?
5. Are you ready to go to Africa next time we send a team? Why or why not?
